EDUCATION

SECONDARY UNIVERSITY

West Yangon University

2019-present

DIPLOMA IN PROGRAMMING

KBTC University

2019-present

I studied software engineering at KBTC University from 2019 to 2021.Due to the outbreak of Covid-19, I stopped school for a while and continued to study by self-taught learning.

PROFILE

I'm a self-taught frontend developer and I have 2 years+ of experience in Web Development. In addition to writing websites, I also have a passion for content writing. So I create a Facebook page and start writing to share programming articles in 2020. In current circumstances, I continued to learn about web development in deep dive and making cool projects.

EXPERIENCE

CONTENT WRITER

Tech Castle By Burmese (Facebook Page)

2020 - present

I started content writing at Tech Castle by Burmese in 2022. Usually, I have written more than 30+ articles related to programming. The articles are also good engagement and people are interested. So I can also making about website creating and have a good experience in content writing.

PROJECTS

URL SHORTENER (BITLY-CLONE)

I develop a URL shortener website project using my self-taught learning knowledge. This website will help you long url links become short links.

https://shortern-app.vercel.app/

CHILLFLIX MOVIE WEBSITE

This is my second project. I develop this website using pure javascript(no other framework).It is look like NetFlix Website.

https://ubiquitous-starburst-dda0ac.netlify.app/

MODERN UI/UX LANDING PAGE

This website can be seen as a landing page. I used design based on the current trending UI Design. This is my last project.
